

# TENANT STORAGE LOCKER

INSTANT STORAGE SECURITY

## Tenant Storage Lockers for Apartments, Condos, Lofts & Commercial/Industrial Applications

Tenant Storage Lockers have heavy-duty features:

- Meets and exceeds Master Specification 10512
- Choose either 6 gauge or 10 gauge wire; & welded or woven mesh
- Available in single, double, or triple door configurations
- Pre-hung hinged doors
- 1¼" structural steel frames
- Stiffening bars
- Heavy-duty hardware is provided
- Powder-coated and available in several colors

You'll appreciate the benefits of Tenant Storage Lockers:

- Provides instant storage security for tenants and commercial/industrial users
- Resists bowing and buckling often found in expanded metal and other lockers
- Powder-coat finish resists scratching and chipping unlike epoxies or other painted products
- Can be color coordinated to match or complement surrounding areas
- Easy installation
